

Maumee AOC Advisory Committee (MAAC) Information and Application

The Ohio EPA and the Maumee AOC's local Facilitating Organization (Partners for Clean Streams) are looking for people to join the Maumee AOC Advisory Committee (MAAC). If you are interested in helping to improve the ecosystem health of our area, then consider joining the MAAC.

The MAAC was created to perform the crucial task of advising state and federal partners on which projects are needed to provide focused and expedited improvements to the Maumee AOC by identifying strategic priorities within the AOC, encouraging completion of needed management actions, and serving as the voice of the AOC community.

This working committee, in collaboration with its local AOC Facilitating Organization, will help to steer the course of what is happening to restore beneficial uses in the Maumee AOC, where it is happening, and how it is getting done with its presence, committees, programs, projects, and activities.

The MAAC has set the following goals for the upcoming year:

- Work with the Ohio EPA to determine any BUIs that are meeting their restoration targets and remove them.
- Promote AOC goals and activities by raising awareness and increasing participation in communities facing higher environmental burdens and showcase the positive impacts of our initiatives on both the environment and social equity; and
- Continue to monitor and assist with the development and implementation of management action projects (MAPs) for all BUIs.

The MAAC is also an important liaison with the local AOC community. The MAAC's engagement is critical for the successful implementation of recommended projects and especially for ensuring that the public has a voice in the AOC process.

As you consider this opportunity for membership on the MAAC, please review the list of Expectations and Considerations. We encourage those interested to apply for MAAC membership. Selection will be made by a team that will review applications based on criteria determined prior to review.

Those individuals interested in serving as non-voting Ex Officio and/or Resource Members only need to send an email expressing interest and do not fill out this application.

To be considered for membership, please complete the application form and submit it along with your employer/organization letter of support (if required) by **midnight Thursday, December 4, 2025** to:
